Hidden X Soul is a performing arts show rooted in philosophy. We have a fashion show, live musicians, dinner, dancers, art exhibition and an installation design.

Our next show, called XYZ, is on gender and sexuality. Here is the promo <https://www.youtube.com/watch?v=o5cN6SwHrA&t=36s> and will happen on May 8.

This is an invite-only, hand-selected guests show. It's not for the masses. It's a show intended for the reflective, critically thinking minds. We emphasize that there is no vulgarity, no profanity, no intoxicants, so the attendee is encouraged to be fully present in the content.

Our compensation model is your first 5 tickets that you sell go to HXS to cover costs, and the next 5, you pocket. After each show, we have a magazine and a post production video that we put out, covering the topic in greater length and featuring you <https://hiddenbysoul.com/hxs-magazine>

Best,
Hira
