DEADLINE: June 17th, 2022. Every year, The Masterwork Music and Arts Foundation issues a number of Community Grants to organizations or individuals striving for excellence in the arts. This year, our Board has refined the criteria and expanded our offerings. For the 2022-2023 Community Grant season, we'll be giving out five grants. Two grants will be given at the \$1,000 level, with one going to a Theater Arts program. Three grants will be given at the \$500 level. Artists and Arts Organizations in New Jersey, New York and Connecticut should apply.

Grant criteria:

- We're looking for the best fine arts projects in music, dance, the visual arts, and nonprofit theatrical productions that engage the community.
 - Volunteer involvement is an important factor. Please explain how volunteers will be engaged for your project.
 - Individual artists and arts organizations based in NY, NJ and CT should apply.
 - Works that illustrate a commitment to excellence in the arts -- either through theme or by design -- will receive greater consideration.
 - Note that this award is not intended to cover operating expenses or support a fundraising initiative.
 - 2021 Community Grant Awardees should not apply.
 - Applicants should first email masterworkarts@gmail.com for an official form. Submit the completed form to masterworkarts@gmail.com by midnight on Friday, June 17, 2022.
 - Applicants should identify how The Masterwork Music and Art Foundation will be recognized in relation to the work.
 - Awardees agree to be featured in Masterwork Arts promotional materials, promote Masterwork Arts offerings and will be required to participate in a Masterwork Arts fundraising event.
- Awardees will be notified the week of June 26, 2022.

How to apply:

Please email masterworkarts@gmail.com for your application. Fill out the application and email it back to masterworkarts@gmail.com before midnight Friday, June 17.
