Elliot Storey

Hello

I'm looking to collaborate with a dancer for a piece to be shot in central park.

This will be part of my latest piece that concludes a trilogy of films (RECONCILIATION and CONFESSIONS) that have been made mostly in NYC.

The filming will happen over one afternoon as this is an unpaid opportunity and we have to fit it in before the 3rd of November.

Ideal candidate would be:

- used to working with camera/video.
- have experience improvising in situ with a strong contemporary dance influence.
- be comfortable working in public spaces (we will be working in central park).

Looking forward to reviewing your applications.

All best

Elliot
