With a history of proscenium stage, beachside, and virtual venues, Show Up & Dance is Dance New Jersey's long-running performance series that features the NJ dance community in action. With performances by professionals, emerging choreographers, dance studios, public schools, and students, this showcase connects the extended dance community, reveals the diversity of artistry and dance forms statewide, and elevates the role of dance in New Jersey's creative landscape. For the first time in 2023, DNJ will have two back-to-back concerts: Show Up & Dance Professional Showcase and Show Up & Dance Young Artist Showcase.

Submissions will be accepted for two separate performances: Professional Showcase for professional dance companies/groups and independent artists; Young Artist Showcase for K-12 public/private schools, college/university students and programs, dance studios, and dance schools. This performance opportunity is limited to New Jersey-based artists, choreographers, and dancers. All applicants must have a current DNJ membership. Dance New Jersey invites proposals from across the spectrum of dance styles in an effort to build an equitable, inclusive community, and encourages submissions in dance styles other than ballet and modern.
