FROM/ABOUT THE PERFORMANCE: "Find and play with something that is common to us all, that we do not know the meaning of quite well, a mystery, a ritual, a game, as simple and intricate as friendship, a cat's cradle, an ancient game, that does not colonize, a vessel, a starting point, and a basis, thought the sense of ecofeminism, and use alternative theories (rather than white andro theories) that include immigrant, BIPOC+ and LGBTQIA standpoints towards adductive and alternative epistemologies that always include various contexts, towards the ecology of mind and denouement of double bind, to heal and enjoy.
