7MPR Theme Dance Theater - Midnights Performance Series 2023

7Midnights Physical Research is dedicated to the exploration of 7 social issues: Class, Education, Ability, Sexuality, Race, Age, and Gender. Seven performances will take place throughout the year of 2022-2023, and each choreographer's work presented will express one or more than one topic aligning with the themes of the seven social issues.

7MPR's "themed dance" is aimed at investigating the dark side of human, how they shape our society, and how our society is influencing us with different issues and inner factors. Therefore, a discussion party will be hosted right after each show to talk about the 7 issues, and we even hope to share more deep and interesting thinking about the relationship between human's "7 Sins" and the "7 Issues" in the society where we are involving in as individual factors.
