About Forza Dance:

Forza Dance creates non-traditional performance experiences to break barriers and bridge gaps between age, gender, culture, assumed hierarchies, and allow a more intimate human connection between audience and performer. As a multi-faceted arts organization, we provide development opportunities for emerging artists and produce original choreography that reach diverse audiences across New York City.

About Shindig:

The interactive performance will be put on entirely by emerging artists and will showcase artists of all disciplines (music, visual arts, performing arts). The event is designed to energize the community with an innovative performance and reception experience - open to all. Guests should expect an evening of performance, dance and drinks like never before. This event is a unique opportunity for individuals of all backgrounds and occupations to mix and mingle, exchange and discuss ideas around art in NYC. We hope to grow our community and continue our work to dismantle and reshape stigmas around artist compensation, accessibility, and what it means to produce dance in 2023.
