SteLi Dance is an NYC-based artist collective dedicated to exploring social and environmental justice through dance and movement. Our main styles are Modern-House fusion with a love for floorwork. Our newest work, "TWO," represents the power of connection and support. It is a series of duets, each representing needing one another for mental health, physical health, and environmental health.

This Fall, we want to produce a performance featuring the work of SteLi Dance and guest artists.

We are seeking dance companies or individual artists that are interested in performing and co-producing a performance with us this Fall. As a small dance company, producing a full evening-length show independently is a financial challenge, so we want to open this up to our fellow NYC Dance community.

Dance companies/Performers will be named Co-Producers as the fee to participate will go directly towards the production fees including the venue, tech, or production fee. Fee will NOT go towards anything solely for SteLi Dance and only towards the collective production. SteLi Dance will be the Producer and will be responsible for the rest of the production needs and logistics. We hope to connect with you and work with what you are able to contribute towards this as it'll be a collaborative production for the love of performance.
