Hello!

I just launched my ballet brand: Les Cygnes and my product is a 2oz travel size bottle of Pointe Shoe Shellac with an applicator wand. My online store is currently on Shopify. I will be receiving the 2nd edition manufactured bottle in October. For now I'm interested in hiring a social media intern who is savy on Instagram, TickTock, Facebook, YouTube and Pinterest. The stipend for this position is \$50 a month, but definitely there's potential to grow once the product takes off. If interested in staying in the position until October- a second position of advertising & marketing as well as social media will open up. If interested: please shoot me an email with your social media experience. Great for a ballet dancer who loves social media or great for one who wants to build a social media portfolio. My email is [info@pointeshoeshellac.com](mailto:info@pointeshoeshellac.com)

Serious applicants only!
