USArtists International is a grant program run by Mid Atlantic Arts that supports in-person performances by US artists from across the United States at engagements at international festivals and global presenting arts marketplaces outside of the United States. Designed to encourage the presence of U.S. performing artists on international stages and in the global arts community, the program funds individuals and ensembles across all performing arts practices and disciplines, providing grants of up to \$15,000 toward eligible expenses like flights, lodging, per diem, and more. Non-festival performance engagements in select Latin American countries will be eligible for funding. Review program guidelines to confirm eligibility.
