Call for Disabled Performers

Company: August Honey
Location: NYC
Compensation: 18 an hour + tips

► [Share](#) | [Print](#) | [Download](#)

Calling Disabled drag artists, dancers, clown artists, and performers of all genres!

I am hosting a mixed bill drag, dance, and performance art show in January! We will meet for one rehearsal prior to the show. During this rehearsal we will collaboratively build interludes between each act, an antithesis to the showcase format. Dancers will remain on stage for all performances, supporting and witnessing each act.

This project is the culmination of my choreographic fellowship with AXIS Dance Company.

Date will be selected based on performer and venue availability.

Apply!

Please write me an email at augustrgrace@gmail.com with the following information:

- Name
- Age (event is 21+)
- Pronouns if you wish
- A couple sentences about your art practice
- A clip of you performing/dancing (it doesn't have to be the act you want to perform, just something to demonstrate the style of work you do)
- A short paragraph about the work you want to perform for this show (it doesn't need to exist yet!)
- Any access needs you may have

You may send this information either written or in video/voice memo format.

That's all! Submit ASAP! Feel free to email with any questions <3

P.S

If participation in this project is not doable but you are interested in connecting, please reach out! I would love to hear from you, follow your work, and/or connect for other projects! I am always looking to build relationships with disabled creatives.

Much love,

August Honey
