About the Role: We are excited to invite a dynamic Specialty Teacher in Performing Arts to join our after-school program on Wednesdays and Thursdays! This role offers an opportunity to inspire and cultivate young talent through engaging and innovative performing arts instruction.

Curriculum Development: Design and deliver a captivating, age-appropriate curriculum in various performing arts disciplines, including art, acting, singing, dancing, and improvisation.

Instruction: Teach and guide students in their chosen performing arts field, fostering their creativity and self-expression through interactive and hands-on activities.

Collaboration: Work closely with the Creative Director to incorporate performing arts elements into productions and shows.

Event Management: Plan, organize, and oversee student performances, showcases, and other events to highlight and celebrate their achievements.

Student Development: Monitor student progress, providing constructive feedback to aid their growth and development.

Learning Environment: Create and maintain a safe, inclusive space that encourages artistic exploration and personal expression.

Education: A bachelor's degree or higher is preferred.

Specialization: Background in a broad range of performing arts disciplines.

Experience: Minimum of one year teaching performing arts to diverse age groups and skill levels.

Expertise: Strong passion for performing arts education with knowledge of current trends and best practices.

Skills: Excellent communication and interpersonal abilities to engage effectively with students, parents, and colleagues.

Attributes: Flexible, adaptable, and collaborative with a positive attitude toward teamwork.

Join us in nurturing the next generation of performing artists and making a meaningful impact in their lives!
