Ballet Neo Summer 25 is designed for dancers ages 15 - 24 seeking neo-classical, advanced training. The daily schedule includes classical ballet technique and pointe, historic classical solo ballet variations, and intensive study of contemporary and theater dance disciplines. The faculty ensures that classes are appropriate while maximizing the training potential. Harkness Center physical therapists offer students an injury prevention lecture at the program's start.

Working with experienced professionals in an investigation of movement quality and performance presence, participants explore approaches to choreography, unleashing a mature and potent performer.

This program will be offered in person only. Students attend an in-person audition or submit a video audition to be considered.
