I am an artist and musician working on a short, narrative film set to music. Actors' movements will go back and forth between being theatrical/naturalistic and choreographed dance.

I am looking for a choreographer to work with to develop the dances, which are comprised of a duet performed by the two leads, as well as solo and group work.

Rather than being a stand-alone choreographed piece, the choreography will be one aspect of narrative storytelling. The cinematographer will work with the cast, moving in and around the performers to best capture their movements.
