i am making a piece exploring time through the lenses of somatics, epistemology, ontology, anthropology, archaeology, and urban studies.

We will be constructing choreographies, songs, spatial understandings, and liberatory methodologies of temporality in a collaborative way.

We will begin working in rehearsals in person starting Monday October 13th, and we will rehearse almost every day until October 26th, when we will have our first showing. Then we will slow the pace of our work, rehearsing 3 days a week until our final performances on December 5th and 6th.

Casting will be done by interview. To indicate interest in this project, please fill out this form: <https://forms.gle/TbzPgcXbPcoAVk297>
