Twysted Genius presents an evening of emerging choreographic work at The Producers Club on February 27th. We are seeking choreographers to present short works in a socially engaged performance setting that brings contemporary dance into NYC nightlife spaces.

The evening will feature two curated showings, with space in between for conversation and audience engagement. This event aims to expand where and how dance is experienced, connecting choreographers with new audiences outside traditional theater settings.

This showing launches a monthly series, creating an ongoing platform for choreographers to share work and build visibility within the NYC dance community.
