Are you a dancer looking to deepen your artistry, strengthen your solo work, or explore performing a GALLIM solo—whether for an audition, a showcase, or your own personal growth?

The Solo Experience is a two-day intensive where participants learn the opening solo from MOTHER and receive direct coaching from Artistic Director Andrea Miller.

Upon completion of the intensive, participants will be granted a limited, non-exclusive license to perform the solo in agreed-upon contexts that support their professional and artistic goals, including but not limited to auditions, end-of-year showcases, creative projects, or personal artistic practice, subject to the licensing terms outlined below.

Participants will also receive complimentary rehearsal photographs taken during their coaching session with Andrea Miller, courtesy of the participants in GALLIM's Dancing with the Camera course.
