About our resident artist Kailey McCrudden-

"As a choreographer, I am interested in generating questions about the daily embodiment of the human experience. My work is interested in realizing the arbitrary nature of our mutual understanding and assumptions by connecting the audience with movements humans do every day, taking a simple nod of the head out of context provokes thoughts about the socially constructed way we move through life without second thought." - Kailey McCrudden

We can't wait to experience your artistry, please don't hesitate to reach out with any questions!
