Christopher Duggan

Founded by Producing Artistic Director Nikki Feirt Atkins, American Dance Machine for the 21st Century, a living archive of musical theater dance, played to enthusiastic audiences when the production appeared at The Joyce in November 2014. For a return engagement this fall, ADM21 will again reconstruct original choreography from revered musicals for an enchanting new program filled with live music and special guest stars.

The Joyce Theater
175 Eighth Avenue
New York, NY, 10011
212 242 0800
