George Piper

Experience BalletBoyz' ground-breaking stage show and award-winning film, *Young Men*, brought together to tell a story of love, friendship, loss, and survival. Live performance is beautifully interwoven with moving image to chronicle the journeys of those sent to fight in the First World War. BalletBoyz dancers burst from screen onto stage, performing to an evocative and mesmerizing score composed by cult singer/songwriter Keaton Henson, and recorded by the BBC Concert Orchestra.

Curtain Chat: Wed, Jan 30
