Our classes are welcoming and energetic and teach authentic, modern Tahitian dance. We offer a weekly beginner class for dancers learning and strengthening their basics and an intermediate to advanced level group for dancers with experience in Tahitian dance.

Our beginner class requires no experience and coaches you step-by-step through the basics of Tahitian dance, fun combinations, and exciting choreography. You can drop in for an individual class, sign up for a month at a time, or register to join us for the whole session.
