BodyMind Dancing™ (BMD) was developed by Dr. Martha Eddy for easygoing and pleasurable exercise to music. This movement class is full of anatomical gems that strengthen body connections and support creativity. We use music from around the world and vocalize, play with dance phrases and improvise to explore the inner body and enjoy company. Come to dance, relax, invigorate, heal or play. BMD was the first dance class to incorporate yoga, dance, and somatic education (body awareness) back in 1986 and now it's taught around the world.
