This winter, dive into a transformative artistic journey with our DIAVOLO Creation Intensive. Over this immersive workshop, you'll create a new piece on the iconic STARGATE structure while working closely with our esteemed choreographer and artistic director, Jacques Heim, and returning alumni, Jones Talmadge. This unique opportunity is designed for dancers seeking to experience the dynamics of a major company.

Throughout the workshop, approved applicants will have the opportunity to experience working in a high intensity creation process. Hone your skills as a professional creator in an environment that requires intricate, quick, precise creation, similar to those of high-budget shows and commercial productions. Come see what it takes to perform at the level of DIAVOLO.
