COMPLEXIONS

Dancer: Desmond Richardson; Photo: Howard Schatz

Artistic directors Dwight Rhoden and Desmond Richardson serve up thought-provoking and entertaining contemporary ballet performed by "utterly transfixing" (Billboard Magazine) dancers. Complexions will present the world premiere of Love Rocks set to music by the iconic GRAMMY Award-winning singer and songwriter, Lenny Kravitz. WOKE, a "galvanizing protest rally of a ballet" (Hyperallergic), features the music of Lil Wayne, Kendrick Lamar, and Logic. Rounding out the program, the athletic and celebratory Bach 25 and Essential Parts, a selection of audience favorites set to scores ranging from Chopin to U2, along with a new world premiere solo.
