Dance Educator Partnership & Thought Hub (DEPTH) is a new professional development program being offered by NYU Langone's Harkness Center for Dance Injuries for local dance educators seeking layered, in-depth knowledge about dance injury prevention and dancer health and wellness. Over the course of one academic year, participants will form a cohort of dance educators from diverse settings that will learn from Harkness Center clinicians as well as each other through course work, mentorship, collaboration, and conversation. Educators will be able to apply the learning directly in their classrooms and lives.

Wednesday, September 17, 2025 from 9:30 - 11:00 AM: This is the first of our nine DEPTH monthly workshops. Dance educators are invited to attend the first meeting to learn more and decide if they'd like to register for the entire program.

To attend the workshop on September 17, please email Kristen.Stevens@nyulangone.org. To learn more about the program and / or register now, please visit <https://www.dancemedu.org/learn/depth>.
