Dance/Movement Therapy with Children
Tina Erfer, MS, BC-DMT, NCC, LCAT

This course will review theoretical material on child development, including developmental movement and basic attachment theory; and explore how early influences in child development impact one's capacity to form healthy emotional relationships.

The course will build on this theoretical foundation and explore the use of dance/movement therapy treatment and interventions with a variety of child populations, in various clinical and educational settings.

This course is fully approved by the ADTA for Alternate Route credit for R-DMT. All Dance Therapy courses are eligible for CE hours. For further information about the ADTA, visit adta.org.

4 Sessions, 22.5 hours - \$475 until Dec. 28 / \$500 after

Friday, January 17 6:30pm - 9:30pm
