About the 2021 Symposium:

Dance/NYC's 2022 Symposium: Life cycles. Livelihoods. Legacies., focuses on uncovering the generational continuum of lives in dance.

Sessions explore career and life navigation, underscoring dance and artistic practice as core human needs while building understanding across generations of audiences and dance workers. This multi-day event invites participants to investigate topics of mentorship, advocacy, leadership, and equity, within an ethos of community care.

As the only multi-day gathering of its kind for the dance community in the metropolitan New York City area; the Symposium is a meeting place for the dance field to exchange ideas, expand networks, sharpen organizational practices, and deepen the inquiry around New York City's legacy and trajectory of dance-making.
