vildwerk., a nonprofit organization dedicated to environmental awareness through dance, presents Dancing for Our Wonderful World, a multi-night program celebrating the planet. Highlights include Christopher Wheeldon OBE's After the Rain with stars of New York City Ballet Mira Nadon and Craig Hall; Gianna Reisen's Network, exploring mycorrhizal fungi with a score by David K. Israel; Jacqulyn Buglisi's Moss Anthology #5; Bradley Shelver's world premiere for Joffrey Concert Group; Antonia Franceschi's world premiere created on Edward Watson MBE; Annabelle Lopez Ochoa's Symbiotic Twin with Benjamin Freemantle and Renan Cerdeiro; Virginie Mécène's FLOES; and Henning Rübsam's Monarcas.

The program blends artistry, innovation, and environmental awareness through contemporary and classical dance.
