Mare Nostrum Elements & LPAC

Through the years, ECS has been established as a one-of-a-kind mentoring program that has provided over 70 NYC choreographers with the tools and resources to create new works. It is conceived and administered by Mare Nostrum Elements, a non-profit arts organization based in Queens, NY.

This year we further our support for five ECS alumni by guiding them to self-produce 30-40 minute works in a split-bill format at two distinguished venues - LaGuardia Performing Arts Center and Flushing Town Hall.
