Award winning choreographer Carole Alexis and her Ballet des Amériques dance company invite audiences to their studio theater for the fifth season of Evenings of Dance in Port Chester. Literally sharing the floor with the classically trained dancers, dance aficionados and novices alike enjoy a wide variety of dances from the company's extensive repertoire in an intimate atmosphere. Witnessing exquisite dance performances in such close proximity, listening to the remarks by the choreographer and sharing wine, food and ideas during the intermission has warmed many hearts on cold winter nights. Patrons are invited to make dinner reservations and receive discounts at participating restaurants in Port Chester's Waterfront district. Performances will be held at 16 King Street in Port Chester on January 26 and on March 30 at 7pm. Admission is \$20.
