Following seven years of extraordinary creative output, Fadi Khoury (New York-based founder, Artistic Director, and the visionary engine behind the FJK Dance Company) has come through the pandemic with all his energies dedicated to a full reset—hence the title of the company's newest production. Celebrating seven years of dance, *RESET* is a full evening program dedicated to all those lost during this pandemic. *RESET* will honor the memory of Genevieve Young (1930-2020), a beloved founding Board member and guiding light. Her legacy, her love of dance, and commitment to the mission of FJK Dance in creating positive change, continues to inspire FJK Dance's professional artistry and engagement with the world-at-large.

Reset will be performed by FJK Dance Company's ten dancers that represent eight different nationalities and FJK Dance's global vision. The program will include the following:

Mirage

Human stories from the Middle East (World Premiere), Music: Schubert, piano trio in E-flat

Forbidden

When love is locked, and the key is inside (World Premiere), Music: Abdel Wahab & Hossam Shaker

Bolero

Challenge of duality, Music: Maurice Ravel

FJK DANCE's Fusion of Culture and Dance performances are based on Fadi Khoury's lifelong immersion in dance and reflect both his multicultural background growing up in Iraq and Lebanon, and his ongoing efforts to elevate Middle Eastern culture. Original choreography and visual arts promote cross-cultural dialogue, understanding, and healing. FJK DANCE presents a distinctive mix of styles including Argentine tango, Middle Eastern movement, classical ballet, and ballroom dance. Previous FJK Dance performances include national venues like New York Live Arts, Jacob's Pillow, Battery Dance Festival and Dumbo (NY), as well as international theaters in China, Japan, Lebanon, and Turkey. These global opportunities give unique insight into how 'Middle East meets Western tradition' and helps lay foundations for understanding and appreciation between different cultures and people. FJK Dance offers workshops, performances, and lecture

demonstrations at educational institutions and non-profit organizations. Fadi Khoury is currently an Artist-in-Residence at Kings County Hospital (Brooklyn, NY), supporting the hospital's efforts to create greater awareness and acceptance in our society for those with mental illness. Working with the Behavioral Health Services, Wellness and Recovery Division, FJK Dance offers pro bono programs for hospital staff through the "Helping Healers Heal" initiative in addition to "site-specific multi-media performance installations" in hospital public areas. Ongoing programs promote a positive relationship between the arts and mental health efforts at Kings County Hospital and encourage engagement from the surrounding community.

FJK Dance "strips away unnecessary glitter from these forms to emphasize the beauty of movement itself." – The New York Times

FJK Dance is a contemporary dance company founded in 2014 by Fadi J. Khoury and Sevin Ceviker. Dedicated to presenting a unique fusion of dance genres, it fills a void in the current dance scene, fusing the vocabularies of various genres – modern, jazz, classical ballet and traditional folkloric – into a language that expresses our fundamental, shared capacity to create. Through its performances, FJK supports cross-cultural dialogue, infusing its works with positive images from many dance traditions. Watch a documentary on FJK Dance here: <https://vimeo.com/181520702>. For more information, visit fjkdance.org. According to Fadi Khoury, "what began as a blended choreographic form has become something larger – my role is not to just create fusion choreography, but to use dance as a message of peace for the world at large. At FJK Dance we are offering the freedom to understand our differences artistically."
