You Made It Now Protect It: Trademarks and Copyright for Artists, Nonprofit Organizations and Small Businesses
TFor artists and arts organizations, creating or commissioning a work of fine or practical art is just the beginning. To protect the ownership of the finished work, it is essential to learn about trademarks, copyrights, design patents, and work-for-hire agreements. An expert panel of intellectual property attorneys will explain these concepts using examples that will be familiar to artists and arts organizations. The concepts learned in this workshop will also be useful to nonprofits and small businesses that are not arts-related.
