GAGA.PEOPLE

Gaga is a movement language developed by Ohad Naharin in Israel to help dancers (and non-dancers alike) reconnect to the way they move. Teachers guide the participants using a series of evocative instructions that build one on top of the other. Rather than copying a particular movement, each participant in the class actively explores these instructions, discovering how he or she can interpret the information and perform the task at hand.

Open to all experience levels.

Taught by Gaga Faculty.

Mondays 8:30 - 9:30am

IMPORTANT NOTE: Late entry is not permitted in Gaga classes. The first few minutes of Gaga is very important due to the physical and mental awareness it creates for the class environment. Please plan accordingly.
