COMPANY CLASS

Every Monday & Wednesday | 10 - 11:15 AM

Classes begin Wednesday, September 3, 2014 and run through Wednesday, December 3, 2014.

In a series of immersive improvisational experiments students build road maps to self-discovery. This class is inspired by Gallim's collective discoveries in physical therapy, traditional movement techniques, Gaga, Gyrotonics, and Miller's choreographic works. Each class develops students technical growth through a sensitive and imaginative conversation between the muscular, nervous, skeletal, and cognitive systems.

FEE: \$13/class or \$100/10-class pass*
