Harlem Stage presents the premiere of SOAK, a place-specific work created at Harlem Stage by interdisciplinary artists Eiko Otake and DonChristian Jones. It was with Jones in 2017, that Otake started her ongoing The Duet Project: Distance is Malleable, an evolving series of experiments in collaboration. In their new work SOAK, they explore water as a shared origin, and the body as rivers of memories. Drawing upon their singular and dynamic history of collaboration, they collide toward many tomorrows.
