Ailey II dancer Marcus Williams will bring his southern style of hip hop to Ailey Extension to challenge dancer's musicality, dynamic footwork, and performance quality. Students begin with a collaborative warm-up to essentially wake up the body followed by a stretch series to get physically ready for movement. While challenging the body with an energetic combination, students will be a part of an uplifting experience designed to be left stronger and fulfilled. Dancers of all levels and backgrounds are welcome. Participants must be 16 or older.
