Argentine Tango

Intermediate

This course furthers your knowledge about basic element of tango and extend your steps vocabulary, that can then used in improvisations. You will learn back and forward crosses, back and forward ochos and the difference between the two, giros to the left and right from front or back ochos, paradas and barridas, plus famous sandwich and mordida steps. The material is presented in very organized manner allowing progress from class to class.

This course assumes you already know the following basics: 8 count basic with ocho forward, Ocho cortado, Walking outside partner left and right, Reboud, Double time.

This course is meant for people who completed and successfully passed final exam for Tango – Beginner course at Ultimate Tango. If you took classes elsewhere and you feel confident that you can follow the material presented, you are also welcome to join this class at any time. If you are not sure which level you belong to simply come to the class. The teacher will talk to you after your first class and will suggest the best way for you to proceed to make your learning process the easiest and as fast as possible. Please note that you still be required to pass the final exam to move forward.

PLEASE NOTE: Tango – Beginner course is prerequisite for Tango – Intermediate course.

Please note that we do not tolerate any lack of knowledge in higher-level courses. This is because we respect you and all our students and we want to keep the classes at the highest possible standards. Please respect our commitment to excellence and make it your own.

No partner necessary. Join at any time and continue growing, but please be prepare that we require you to pass the exam at the end of the level, to make sure you are absolutely ready for Advanced level as well as for Milonga and Vals classes. We don't want you confused and we don't want to slow down the next level class.

We offer several intermediate classes during the week. All classes are teaching exactly same material. So if you miss your class – you welcome to come to other class to catch up. We also encourage you to take 2 classes a week. This way you can practice the material and allow all the movements to become natural for you.
