TAKE Dance

TAKE Dance, directed by Takehiro Ueyama, presents *In the Sea of Heaven*, a program of two premieres by Ueyama and revival of the duet *Les Reves D'apres Midi* by renowned choreographer/master teacher, the late Kazuko Hirabayashi. Ueyama will premiere *In the Sea of Heaven*, inspired by the 2011 earthquake and tsunami that devastated Japan. The work will be danced to live music performed by award-winning Japanese musician and composer Kato Hideki. Also premiering is *The Game 2*, a second incarnation of the men's quartet from Ueyama's full evening *Salaryman*. The Company will honor Kazuko Hirabayashi with a revival of her *Les Reves D'apres Midi*, originally created in 2004 for Ueyama and Jill Echo. Though outside of her usual style, Hirabayashi created a romantic duet that is timeless in its beauty and humanity.
