Dakota Bouher

Emerging physical theater company BIRDHOUSE (birdhouseny.com) premieres its latest full-length show.

"It fell between chairs." is directed by Sebastian Abarbanell and Bryn Hlava, with interlude by Raven Taisce White.

Tickets are PAY-WHAT-YOU-CAN.

BIRDHOUSE is a community of artists who create physical performance work that aims to uncover the essence of humanity within us. Our mission is to break down societal misconceptions about each other by unearthing the complex beauty of the human being. We strive to perform as our vulnerable and complicated selves in order to allow people to truly see each other. We are a group of activists who use their bodies to change conceptions of humanity.
