BECCA VISION

JUST KEEP WAITING

As part of the 2025/26 Season at The Performance Project at University Settlement, [sarAika movement collective](#) brings you "JUST KEEP WAITING," a full evening-length contemporary dance performance created in collaboration with guest choreographer Katia Tubini, Executive Director of [LPP Dance Project](#) (Verona, Italy).

This work explores the shared human sensation of waiting — for something to begin, to change, to arrive. We keep waiting for the first domino to fall, to start the chain of movements for life. Through evocative physicality and emotional honesty, the dancers embody the tension, hope, and quiet persistence that live inside the words "just keep waiting."

? Date: Thursday, November 19th, 7:00pm (Doors open at 6:30pm)

? Location: Speyer Hall — 184 Eldridge St, 2nd Floor, New York, NY 10002
