MELT: LOVE|FORTÉ Workshop on Composition with Marjani Forté-Saunders and Nia Love

As a collaborative force L|F have agreed to disagree! Our attempt is to find difference as it sits inside of the power to reframe our "...inability to recognize, accept, and celebrate [those] differences" (Audre Lorde). As groundwork in our "composition" class we are not interested in "dance making" but rather in the clarity of a thing as it is free and unbounded. What is clear and containable about freedom? L|F offers a composition workshop sharing our approach to scaffolding work with research, imagery, and scoring. Rigorous reduction and reframing movement exercises, prompting and building improvisations, and drawing and journaling are the meat of this class.

Please note: this workshop takes place at Abrons Arts Center Studio G05
