Danspace Project

MELT: Technique with Hristoula Harakas

Class with a desire to promote spatial and corporeal awareness through clarity and precision. Inviting ourselves to observe, welcome, enhance, abandon and rediscover movement patterns, qualities, focal points, personal habits and preferences in order to stay alert in the present moment. By using walking as a physical neutralizer and awareness stimulator, through a gentle warm up of set exercises, we will transition to a pre-conceived phrase to share experiences while encouraging individuality.
