The Next Stage Project presents an evening of dance: ME / YOU.

TNSP is known for its organic movement style and exposing the space beyond one's kin-sphere in a satisfying combination of full body movement and small obscure interactions- portrayed by talented, strong and expressive dancers. Creating and working fast and furious, the work thrives on passion for dance; always in the moment and letting inspiration lead the way.

Concept, Choreography & Direction: Marijke Eliasberg in collaboration with the dancers
Advisers to the Choreographer: Jana Hicks, Jaclynn Villamil
