2018 Program Dates: June 17 thru July 1, 2018

Our [Mentorship Program](#) is a unique and intimate program that focuses on the individual pathways each dancer can create for their life in dance. This artistically stimulating and engaging 2-week experience, provides guidance to pre-professional dancers on how to navigate their careers and take the next steps into the professional dance world. Guest speakers and Master Class teachers include [J CHEN PROJECT](#) company members and other professional artists, giving insight into the various ways of working as an artist. Our goal is to nurture independent, passionate, professional dancers.

We hope to help answer questions aspiring professional dancers have about life after school and pursuing a career in dance. During the program, dancers spend time in technique class, repertory rehearsals, one-on-one mentoring sessions and the program concludes with a performance as part of TRANSLATE (voices of dance) at Dixon Place.
