## Noguchi Taiso & Butoh

Company: Julie Becton Gillum  
Venue: Cornell Creative Arts Center  
Location: Kingston, NY

► [Share](#) | [Print](#) | [Download](#)

This workshop provides foundation exercises that, with each session, will build on one another. We will explore hydrodynamic principles such as waves, spirals, viscosity and states of matter, in combination with breath, impulse and successional flow, to create movement reactions within our bodies. After a Noguchi Taiso warm up, dancers will be guided to develop their own movement through the exploration of Gillum's ongoing research concepts and techniques.
