Periapsis Music and Dance

Periapsis Music and Dance presents four innovative dance/music collaborations, including three world premieres, by resident choreographers Erin Dillon and Hannah Weber, and guest choreographers Norbert De La Cruz III and Annalee Traylor. All works are created to original compositions, played live, by artistic director Jonathan Howard Katz and guest composers Hilary Purrington and Harry Stafylakis. The new dances take viewers through intrepid explorations in composer/choreographer relationships, questioning the boundaries between movement and character, between dance and theater, and between musician and dancer.
