On May 13, from 6-7:30pm EST, join our Stand With Dancewave special Modern Master class event! Through exercises grounded in Modern, Ballet and Pilobolus-inspired ideologies and concepts, The DynamitExperience's class is designed as an opportunity to explore individual boundaries of space in a safe and collaborative environment. Students are challenged to make choices as they explore new methodologies, interpret, connect and respond to musical elements to ultimately uncover their movement preferences. Open to dancers ages 16+ of all levels and backgrounds.

### About STAND WITH DANCEWAVE

Stand With Dancewave is our Spring Fundraiser initiative to reprioritize students based on drive, dedication, and passion rather than financial ability. Our \$50,000 goal will support an equitable, tuition-free Dancewave Company Program, helping up to 25 students ages 7-18 participate in one of NYC's first tuition-free, SEL-focused pre-professional dance programs this coming year. All proceeds from ticketed events will go directly to this goal in eliminating barriers to student success through holistic dance education.
