Evvie Allison

The Special Projects Division of Jonah Bokaer Arts Foundation is proud to present a RECESS performance by dancer/choreographer Evvie Allison, whose distinctive Practice Moves vocabulary has been the focus of over a decade of Allison's research and development.

New Practice Moves in process is the latest iteration of the project.

RECESS is a monthly public program where both works-in-progress and established pieces can be shared in an intimate setting. Innovation. Experimentation. Deep dives. Creative reviews. It's all welcome here! RECESS is a safe space for exploration and forging new artistic connections. We offer a public program, performance series, network, platform, and ongoing opportunity to engage performers, patrons, artists, and audience members in a night of performance and creative dialogue.

RECESS continues to safely promote and celebrate the work of diverse artists in 2025.
