### ELISA MONTE DANCE

Friday, August 9, 2019

7:00 pm - 9:00 pm

East River Park

FDR Dr., Manhattan, New York, NY 10009

The New York-based company playing their first-ever SummerStage festival, Elisa Monte Dance is distinguished by physically demanding choreography performed by a talented, diverse corps of dancers and successful collaborations across disciplines. Founder Elisa Monte got her start with Agnes DeMille, was later mentored by Alvin Ailey, and has since collaborated with a myriad of artists over the years, including the experimental composer Glenn Branca, the architect Billie Tsien, and the visual artist Philip Tsiras. The evening will include a 20th Anniversary performance of Monte's famed duet, "Treading," with music by minimalist composer Steve Reich, and danced by former company member and new artistic director Tiffany Rea-Fisher.
