Flamenco Vivo presents TABLAO: An Intimate Flamenco Experience

In Andalucía, the cool nights sizzle and crackle with energy from its famous tablaos. These café-style venues showcase flamenco at its most raw, creative, and authentic – where performers create by instinct and improvisation, showcasing unbelievable technique and creating living art through the interplay between dancers, musicians, and the audience.

Now you can experience this type of Andalucian evening at (Le) Poisson Rouge – featuring live music, an international cast of world-class dancers, and a full selection of drinks in an intimate, accessible cabaret-style atmosphere. If you've never experienced flamenco before, we invite you to share this vibrant tradition – one that invites you to feel more vividly. More alive. More you.
